

## QUALITY POLICY

1

As a professional educational establishment we, at the INSTITUTE OF APPLIED TECHNOLOGY (IAT), are fully committed to satisfying our students' and other clients' requirements, and complying with relevant educational laws and regulations, as they impact on our services.

2

To meet these commitments, we have implemented a Quality Management System (QMS) complying with the international standard ISO 9001:2008.

3

In addition, we are committed to continually improving the effectiveness of our QMS and have set, and will monitor performance against, relevant quality objectives.

4

This policy is periodically reviewed to ensure its continuing suitability, and is communicated to all members of staff through induction and general awareness training, in addition to being displayed in strategic locations throughout the IAT.

*IAT, Director General*
